1. INTRODUCTION

This booklet provides details of some 1600 persons who have used the surname Heberle and lived in America, of which some 700 have died and 900 live. This includes anyone who has used the name at any time in their life. There are possibly another 700 Heberles not covered by this booklet.

Much of the information in this booklet is based on incomplete information, with some guesswork. Please advise me of omissions and errors; as I may revise/update this booklet from time to time. This booklet is one of a series intended to culminate in the publication of a Heberle book in 2005.

5. WORLD INFORMATION ABOUT HEBERLES

Research documented in "A history of the Heberle family 1555-1998" suggests that there have been about 14000 Heberles born since 1500, of which about 3700 are alive in 1999. Addresses are available for about 1100 families. Almost 30% of the world's Heberles live in America.

The origin of the name Heberle is uncertain:

- It may be occupational in origin, associated with the Germans and Jews, meaning "one who grew or dealt in oats", from the early German word "**Haber**" for oats (Hanks and Hodges, 1988).
- Its also possible that Heberle comes from "**Eber**", which is wild boar in German (source: Gonzales).
- It could be derived from "**Heber**" which means a loader or carrier (Jones, 1990).
- According to Heintze-Cascorbi, Hattu/Hadu which means war in gothic, developed into Hadaperth, Habbert, Habert, Hebert, Heberling, Heberle and other names.

Heberle is possibly one of a number of surnames derived from Haber, Heber and/or Eber.

- Family tree data back to 1550 shows that Heberle/Haberle evolved from a number of names, including Eberle, Heberlein, Heberlin, Haberle, Hebler, Heberlig, Haberling and that a number of names evolved from Heberle/Haberle, including Heberly, Haberly, Heverly, Haverly, Hebrlee.
- There is evidence that Heberle/Haberle also evolved from or into or is related to names such as Haber, Haberl, Heber, Heberl, Aber, Aberl, Eber, Eberl, Epperlein, Eberlini, Ebirlein, Eberlinus, Hepperle, Erbele, Hebley, Heaberle, Haberley.
- Names such as Heberlee, Heberlie, Heberley, Habberley as found in Great Britain, USA, Australia and New Zealand are probably anglicised versions of Heberle/Haberle etc.

The surname Haber was possibly first used from about 1200. Heberlin, Heberlein and similar names were possibly first used in the 1350s and Heberle first used about 1500. The earliest reference to a Heberle that I have found sofar is 1555 for the birth of Christof Heberle in Rottenburg, which is in the Baden-Wurttemberg State of Germany.

6. HEBERLES IN AMERICA

6.1 HEBERLES WHO SETTLED IN BRAZIL

Johann Heberle (b 1784) migrated Sept 1828 from Hunsruck region in Rhineland-Palatinate, with wife Johanna and four children (Elisabeth b 1816, Nicolau b 1818, Pedro b 1820, Joao b 1824) on the "Olbers" and arrived in Rio de Janeiro 17.12.1828, before settling in Dois Irmaos, near Sao Leopoldo, Rio Grande do Sul State in March 1829. This family settled in Dois Irmaos, Rio Grande do Sul State, in 1829. Johann died there in 1866, but some of his family, including Pedro Heberle (I) moved to Estrela in about 1856.

Pedro's son Pedro (II) had 17 children by 2 wives, in Estrela. Various descendents moved to Bom Retiro do Sul and Cruzeiro do Sul in the early 1900s and Porto Alegre, Roca Salles and Lajeado within Rio Grande do Sul State, during the 1930s. Other descendents probably moved into other southern Brazilian states, during the early to mid 1800s.
