

**Lockhart, William (Bill)** (based on John Sclater's book (2001) "Lost your block. The origin of W.A.s forest block names")

Appointed as Assistant Divisional Forests Officer 1.2.1926. Probably had forestry qualifications from Adelaide University. Promoted to Divisional Forests Officer 1928/29. Died 21.11.1948, whilst at work. Lockhart block is probably named after him. Several forest blocks are named after persons who died on the job.
